

**RESOLUTION OF THE COUNTY BOARD
WILL COUNTY, ILLINOIS**

AUTHORIZING THE COUNTY EXECUTIVE TO NEGOTIATE AND EXECUTE A PROFESSIONAL SERVICES AGREEMENT TO STUDY/PROVIDE RECOMMENDATIONS FOR STORM WATER FLOW IN AN AREA OF THE FAIRMONT COMMUNITY

WHEREAS, the Will County Block Grant Advisory Board and the Will County Board approved funding for a study of storm water flow in an area of the Fairmont Community; and

WHEREAS, at their October 15, 2013 meeting, the Will County Land Use and Development Committee recognized there is a need to improve storm water related matters in the Fairmont Community; and

WHEREAS, Will County has determined that the goals of improving drainage in the Fairmont Community are best accomplished through executing an agreement with a qualified consulting services firm; and

WHEREAS, on December 18, 2013, the Will County Executive's Office issued a Request for Qualifications (RFQ), subsequently held interviews with six (6) firms and reviewed the proposals with the Will County Land Use Department; and

WHEREAS, after presentations, discussions, and evaluations of the six (6) firms, the Land Use Department ranked Ciorba Group, Inc., Chicago, IL, as its first choice to study/provide recommendations for storm water flow in an area of the Fairmont Community; Engineering Resource Associates, Inc., Warrenville, IL, was recommended as its second choice; and Crawford, Murphy, & Tilly, Inc., Aurora, IL, was recommended as its third choice; and

WHEREAS; the Will County Land Use and Development Committee recommends authorizing the County Executive to negotiate and execute an agreement between Will County and Ciorba Group, Inc., to study/provide recommendations for storm water flow in an area of the Fairmont Community.

NOW, THEREFORE, BE IT RESOLVED, that the Will County Board concurs with the recommendation of the Land Use and Development Committee ranking the following firms in order of qualifications to study/provide recommendations for storm water flow in an area of the Fairmont Community: (1) Ciorba Group, Inc., Chicago, IL; (2) Engineering Resource Associates, Inc. Warrenville, IL; and (3) Crawford, Murphy, & Tilly, Inc., Aurora, IL.

BE IT FURTHER RESOLVED, that the Will County Board hereby approves authorizing the County Executive to negotiate and execute an agreement between Will County and Ciorba Group, Inc., at a fair and reasonable compensation, taking into account the scope, complexity and professional nature of the services to be rendered. If said negotiations with the first ranked Ciorba Group, Inc. prove unsuccessful then negotiations with Ciorba Group, Inc. should cease and negotiations should begin with the second ranked firm Engineering Resource Associates, Inc. If negotiations with the second ranked firm of Engineering Resource Associates, Inc. prove unsuccessful then negotiations with Engineering Resource Associates, Inc. should cease and negotiations should begin with Crawford, Murphy & Tilly, Inc.

BE IT FURTHER RESOLVED that the Preamble of this Resolution is hereby adopted as if fully set herein. This Resolution shall be in full force and effect upon its passage and approval as provided by law.

Adopted by the Will County Board this 20th day of March 2014.

Vote: Yes 25 No 0 Pass _____ (SEAL)

Nancy Schultz Voots
Will County Clerk

Approved this 20th day of March, 2014.

Lawrence M. Walsh
Will County Executive

Rita:

Respectfully, I would ask that you forward this email to Beth and other associated County Board Staff. As you know, the Will County Land Use Department has been working to undertake a flood study in the Fairmont Community. We have selected the Ciorba Group as our engineering consultant. If possible, we would appreciate it if this item could make it onto the March 20, 2014 County Board Agenda. Spring may provide optimal conditions for reviewing drainage patterns. I believe this item has been previously heard at the Executive Committee and would qualify as an item under Old Business.

Sincerely,
Steve
