We received the following questions regarding the RFQ listed above:

Question # 1: Under "Possible scope of services content," Item 12 refers to the County's General NPDES Number ILR10. Should this be NPDES Permit ILR40?

Answer # 1: It should be ILR40 (NPDES Permit for MS4)

Question # 2: And, under this same item, is the Land Use Department responsible for all of the activities under this permit, or are some of them the Highway Department's responsibility? Will the selected consultant be expected to coordinate with the Highway Department to ensure all conditions of the permit are met?

Answer # 2: Land Use has the primary responsibility and will delegate certain specific tasks to the County Transportation Division (Highway Department). Yes, the selected consultant will coordinate with the Transportation Division to determine that the agency has fulfilled its assigned tasks.
