PRIME CONTRACTOR CERTIFICATION: Included in this bid package is a prime contractor certification form. The bidders shall fill out and return with your bid package.

LEGAL CONSTRUCTION: In case one or more of the provisions contained in this Contract shall be held to be illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision thereof and this Contract shall be construed as if such invalid, illegal or unenforceable provision had never been contained therein.

NO BIDS: For those who wish not to bid this project, please return your bid form plainly marked "**NO BID**" or send email of same, so your company's name stays on our bidder list. If you choose not to reply your name will be removed and you may not receive future bid invitations.

PRICES: Prices shall remain in effect throughout the Contract period December 1, 2015 to November 30, 2017. A fee adjustment will be made beginning the optional renewal year based upon the published Consumer Price Index during the preceding calendar year. The percentage of change of the CPI shall be computed as the change of the specified index over the period commencing on January 1, 2016 and ending December 31, 2016 and shall be applied to the "service portion of the price" as of the first of December, 2017 if the renewal option is enacted. (Price change computations which result in fractions shall be rounded to the nearest cent) The total annual adjustment to this contract shall not be greater than five percent (5%) of the previous year's cost.

PAYMENT: Invoices will be sent the beginning of each month for the previous month. All payments will be made in arrears and pursuant to the Illinois Local Government Prompt Payment Act. It will be at the discretion of the County of Will to take advantage of or reject any Cash Terms offered for early payment. In the event the Will County Board fails to appropriate funds for this Agreement, the obligations of both the Contractor and the County will cease immediately without any penalty or liquidated damages or any other payments.

SPLIT AWARDS: It is the County's intention to choose the services and pricing that best meets the needs of the County. If there is a specific area of the contract that is not feasible to service due to distance, then this portion of the refuse and recycling sections of the bid should be completed with the words "No Bid" or be priced higher to reflect the additional cost this places on the Contractor. It is the Contractor's decision if they want to submit multiple bids. All refuse bids must include pricing for recycling services. If bidding recycling only, it will be acceptable to complete the refuse portion of the contract with the words "No Bid."

Blank spaces may be interpreted to mean that the area is included at no additional fee. Contractors are encouraged to price all services in all areas showing higher costs if the area is more expensive to serve due to distance or other operational considerations. The County reserves the right to determine which option and which contractor (or contractors) to award the contract or contracts.

WORDS AND FIGURES: Where amounts are given in both words and figures, the words shall govern. If the amount is not written in words the unit cost will take precedence over the extended price in case of a discrepancy in the multiplication.

EVALUATION CRITERIA: Several criteria will be used to evaluate the qualifications and reliability of potential contractors, including, but not limited to: length of time the contractor has been in business, compliance with regulations, experience with similar clients, references, demonstrated understanding of the bid documents, conformity with specifications, inclusion of mandatory forms (proof of insurance, etc) and price.

AWARDING OF BID: The bidder acknowledges the right of the County of Will to accept the lowest responsible bidder after all bids have been examined and evaluated. The Bid is expected to be awarded at the October 15, 2015 meeting of the Will County Board.

ILLINOIS FREEDOM OF INFORMATION ACT: Any and all submissions to the County of Will become the property of the County of Will and these and any late submissions will not be returned. Your proposal will be open to the public under the Illinois Freedom of Information Act (FOIA) (5 ILCS 140) and other applicable laws and rules, unless you request in your proposal that we treat certain information as exempt. We will not honor requests to exempt entire proposals. You must show the

specific grounds in FOIA or other law or rule that support exempt treatment. If you request exempt treatment, you must submit an additional copy of the proposal with exempt information deleted. This copy must tell the general nature of the material removed and shall retain as much of the proposal as possible. In the event the County of Will receives a request for a document submitted, the County of Will shall provide notice to contractor as soon as practicable. Regardless, contractor will be responsible for any costs or damages associated with defending your request for exempt treatment. Furthermore, contractor warrants that County of Will's responses to requests for a document submitted that is not requested to be exempt will not violate the rights of any third party.

Please be advised that if your proposal is accepted by the County of Will all related records maintained by, provided to, or required to be provided to the County of Will during the contract duration are subject to FOIA. In the event the County of Will receives a request for a document relating to contractor, its provision of services, or the arranging for the provision of services, the County of Will shall provide notice to contractor as soon as practicable and, within the period available under FOIA, contractor may then identify those records, or portions thereof, that it in good faith believes to be exempt from production and the justification for such exemption, making reference to the specific FOIA provision applicable without simply making a general claim that the information is "confidential," "proprietary," "exempt from disclosure," or the like. Regardless, contractor will be responsible for any costs or damages associated with defending the request for exempt treatment. Furthermore, contractor will warrant that County of Will's responses to requests for a document relating to contractor, its provision of services, or the arranging for the provision of services, or the arranging for the provision of services, will not violate the rights of any third party.

Please be advised also that FOIA provides that any record in the possession of a party with whom the County of Will has contracted to perform a governmental function on behalf of the County of Will, and that directly relates to the governmental function and is not otherwise exempt under FOIA is considered a public record of the County of Will for purposes of FOIA. 5 ILCS 140/7(2). As such, upon request by the County of Will (or any of its officers, agents, employees or officials), the contractor shall provide to the County of Will at no cost and within the time frames of FOIA a copy of any "public record" as required by FOIA and in compliance with the provisions of FOIA. After request by the County of Will, contractor may then identify those records, or portions thereof, that it in good faith believes to be exempt from production and the justification for such exemption, making reference to the specific FOIA provision applicable without simply making a general claim that the information is "confidential," "proprietary," "exempt from disclosure," or the like. Regardless, contractor will be responsible for any costs or damages associated with defending the request for exempt treatment.
