**2016-24 HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM
FOR THE COUNTY OF WILL**

**ADDENDUM 1
March 22, 2016**

Question #1: What process and who would I contact from a FOIA request on the bidder pricing and awarded vendor from last RFP? Please advise.

Answer #1: Attached are the disposal cost sheet Attachment E and mobilization cost sheet Attachment G, from awarded vendor from previous bid, as well as resolution for award of bid.

Executive Committee
Resolution #13-107

RESOLUTION OF THE COUNTY BOARD
WILL COUNTY, ILLINOIS

Awarding Bid for Household Hazardous Waste Collection

WHEREAS, the Illinois Solid Waste Planning and Recycling Act mandates counties to plan for the management of solid waste; and

WHEREAS, the COUNTY has adopted the third five-year update of the "Will County Solid Waste Management Plan", on November 20, 2008; and

WHEREAS, in keeping with the County's Solid Waste Plan, Will County will provide options to the public for the safe collection and appropriate management and disposal of Household Hazardous Waste when funding is available and in response to program needs; and

WHEREAS, Waste Management, Inc. pursuant to the "Host Agreement and Agreement for Operation/Development of the Will County Landfill" will pay for two household hazardous waste collections per year each spring for the life of the landfill; and

WHEREAS, on March 26, 2013, the County Executive's Office opened four acceptable bids to provide household hazardous waste collection services, for approximately five household hazardous waste collections per year and as needed pharmaceutical waste pickup from the County Warehouse and as needed paint collection supplies drop off or paint pickup at county partner sites for a three year period; and

WHEREAS, the Resource Recovery & Energy Division staff has recommended, and the Executive Committee concurs, that the bid for household hazardous waste collection services be awarded to the lowest responsible and responsive bidder, Tradebe Treatment & Recycling, East Chicago, IN; and all costs associated with this agreement will be paid from the Solid Waste Management fund.

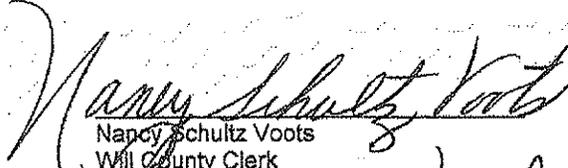

NOW, THEREFORE, BE IT RESOLVED, that the Will County Board hereby awards the agreement for the household hazardous waste collection services to the lowest responsible and responsive bidder, Tradebe Treatment & Recycling, East Chicago, IN for a three year period, starting May 1, 2013 and ending April 30, 2016.

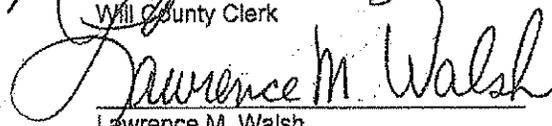

BE IT FURTHER RESOLVED, that the Preamble of this Resolution is hereby adopted as if fully set herein. This Resolution shall be in full force and effect upon its passage and approval as provided by law.

Adopted by the Will County Board this 18th day of April, 2013.

Vote: Yes 24 No 0 Pass _____ (SEAL)

Approved this 26 day of April, 2013.

Nancy Schultz Voots
Will County Clerk

Lawrence M. Walsh
Will County Executive

WILL COUNTY LAND USE DEPARTMENT
Resource Recovery & Energy Division
58 E. Clinton Street
Joliet, Illinois 60432

MEMORANDUM

DATE: April 1, 2013
TO: Will County Executive Committee
FROM: Dean Olson, Resource Recovery & Energy Division Director
Dave Hartke, Household Hazardous Waste Program Manager
RE: Recommendation of Household Hazardous Waste Contractor

In keeping with the Will County Solid Waste Management Plan approved November 20, 2008, by the Will County Board, the County will provide options to the public for the safe collection, appropriate management, and disposal of Household Hazardous Waste when funding is available and in response to program needs. Furthermore, pursuant to the "Host Agreement and Agreement for Operation/Development of the Will County Landfill" with Waste Management, Waste Management will pay for two Household Hazardous Waste Collection events each spring for the life of the Landfill Agreement. Therefore, the County conducts a minimum of two household hazardous waste collection events per year and may conduct up to six events per year.

As part of the bid the County requested additional services such as the removal of drums containing residentially generated waste pharmaceuticals, the delivery of paint collection supplies, the removal of residentially generated paint from County partner sites, and the transportation and proper management for those drums, which include recycling, fuel blending and/or incineration. The Resource Recovery and Energy Division requested the Purchasing Department to issue RFB's for the purpose of selecting a contractor to provide the outlined services once executed. The contract period for Household Hazardous Waste Collection and related services will be from May 1, 2013 until April 30, 2016.

Will County received acceptable bids from EQ-The Environmental Quality Company, Heritage Environmental Services LLC, Tradebe Treatment & Recycling LLC, and Veolia ES Technical Solutions LLC. Please see the attached tables for a breakdown of our evaluation and cost comparison. The contractors that bid were evaluated on Proposal Content, Service Abilities, Technical Requirements, Availability, Liability Protection, Financial Responsibility & Compliance History, Disposal Costs, Mobilization/Drum Delivery & Pick up costs/Paint Collection Costs, and References. The bidder with the highest evaluation score and the lowest estimated costs was Tradebe Treatment & Recycling LLC. Therefore, after careful review, Resource Recovery & Energy Division staff recommends Tradebe Treatment & Recycling LLC to perform Household Hazardous Waste Collection services for Will County for the next contract period.

Will County Household Hazardous Waste Collection Program Bid # 2013-024 -- Cost Comparison

* The "Typical Waste Streams" and "Average Quantity/Event" amounts are based upon Will County's previous collection data from the five events conducted in 2012. Not all possible waste categories are represented.

** Bidder disposal costs were determined by utilizing each bidders lowest disposal cost provided for each waste stream within Attachment E submitted by each bidder

EVALUATION OF BIDS (Bid # 2013-24)

For County of Will Household Hazardous Waste Collection Program

April 2013

Bidder	Proposal Content (5)	Service Abilities (5)	Technical Requirements (10)	Availability (5)	Liability Protection (5)	Financial Responsibility & Compliance History (5)	Disposal Costs (35)	Mobilization Drum Delivery & Pick-up Costs (25)	References (5)	Total Score Possible (100)
EQ-The Env. Co.	4	4	4	5	3	4	13.3	2.5	5	44.8
Heritage Env. Svcs	3	4	2.5	5	4	4	19.95	0	5	47.45
Tradebe Tr & Rec.	5	5	10	5	4	5	31.15	25	5	95.5
Veolia Env Svcs	1	3	0	5	0	2.5	35	14.75	5	66.25

Maximum number of points per criteria is listed above each column in parentheses. Bidder with highest evaluation score is recommended.

Notes:

1. The bid with the lowest disposal costs when applied to the average amount of household hazardous wastes received at County events as listed within Attachment D of the Request For Proposals received the maximum number of points. Bids with disposal costs higher than the low bid were deducted award points based on the percentage above the low bid. For example, a bid 10% higher than the lowest bid would be deducted 3.5 award points, a bid 50% higher than the lowest bid would be deducted 17.5 award points
2. The bid with the lowest mobilization & drum delivery/pick up cost received the maximum number of award points. Bids with disposal costs higher than the low bid were deducted award points based on the percentage above the low bid. For example, a bid 10% higher than the lowest bid would be deducted 2.5 award points, a bid 50% higher than the lowest bid would be deducted 12.5 award points

**ATTACHMENT E
DISPOSAL COST SHEET**

ORIGINAL

- The disposal cost sheet must be completed in its entirety. Provide a unit cost for each waste stream and waste management method. If a particular drum size and/or cubic yard box would not be used for a specific waste stream and/or waste management method then strike out that box (-----).
- An additional table is provided for Contractor to list and provide a cost for more environmentally responsible and/or economical waste management methods for specific waste streams that may be available and are not already listed within Attachment E. The additional table is also for waste streams acceptable by the Contractor that are not listed within Attachment E.
- Any and all exceptions to these specifications must be clearly and completely indicated on this cost sheet.
- Gray scaled/shaded boxes are to remain empty.

**For Mobile HHW Collections, Drum/Supplies Delivery and Pickups from County
Warehouse, and Paint Collection Site Costs**

Mobilization Cost for Mobile One-Day HHW Collections ^a	Unit Price
Including all labor, material, equipment, forklift rental, portable toilet rental, cardboard recycling, and transportation necessary to plan, manage, operate, tear down, and transport off-site a HHW mobile collection event based on a participation of 500 vehicles.	\$3,855.00
Incremental price <u>increase</u> in mobilization costs to account for an increase in increments of each 1% of vehicles above 500 vehicles. ^b	\$49.00
Incremental price <u>decrease</u> in mobilization costs to account for a decrease in increments of each 1% of vehicles below 500 vehicles. ^c	\$49.00
Include supply costs only for one (1) new thirty (30)-gallon fiber drum, one new plastic drum liner, and storage and transportation labels for one drum.	\$35.00
85-Gallon drum overpack cost	\$120.00

Drum Delivery and Pickup Costs ^a	Unit Price
Include all costs for labor, equipment, and transportation to conduct a drop off of empty containers and supplies and/or a pick-up of full containers of waste at County warehouse located at 806 Nicholson St., Joliet, Illinois 60435. (Do not include supply or waste disposal costs here. Supply costs shall be indicated below. Disposal costs from Attachment E are to be used for wastes removed from County Warehouse.)	\$465.00
Include supply costs only for ten (10) new thirty (30) -gallon fiber drums, and ten new plastic drum liners, storage labels, and transportation labels.	\$300.00
Include supply costs only for ten (10) clean, empty five (5) - gallon plastic buckets/drums with a screw top lid and storage labels and transportation labels.	\$90.00

Paint Collection Site Costs ^a	Unit Price
Include all costs for labor, equipment, and transportation to deliver and unload paint/stain collection supplies at local government site to be determined within Will County.	\$495.00
Include supply costs for a set of paint/stain collection supplies. One set includes a stack of ten wooden pallets, ten new or used cubic yard boxes, ten new cubic yard box liners, and storage labels.	\$590.00
Include all costs for labor, equipment, and transportation to unload paint collection supplies and to load full cubic yard boxes of paint and/or stain at a local government site to be determined within the County. (Do not include any transportation of paint/or stain to recycling or disposal location. Do not include any disposal costs here.)	\$125.00
Include all costs to transport a load of cubic yard boxes full of	

paint/stain from a local government site to be determined within the County to a Destination Facility listed by Contractor for this waste stream in Attachment F (Do not include disposal costs here, disposal costs from Attachment E will be used.):	
- Semi/Van-load of latex paint/stains within cubic yard boxes to be transported to Destination Facility listed by Contractor for Recycling.	\$450.00
- Box truck-load of latex paint/stains within cubic yard boxes to be transported to Destination Facility listed by Contractor for Recycling.	\$395.00
- Semi/Van-load of latex paint/stains within cubic yard boxes to be transported to Destination Facility listed by Contractor for Solidification & Landfilling.	\$450.00
- Box truck-load of latex paint/stains within cubic yard boxes to be transported to Destination Facility listed by Contractor for Solidification & Landfilling.	\$395.00
- Semi/Van-load of latex paint/stains and oil based paint/stains within cubic yard boxes to be transported to Destination Facility listed by Contractor.	\$450.00
- Box truck-load of latex paint/stains and oil based paint/stains within cubic yard boxes to be transported to Destination Facility listed by Contractor.	\$395.00
Include all costs to transport a semi/van load of cubic yard boxes full of latex paint only from a local government site to be determined within the County to the following paint reuse facility: Matthew Ministries located at 11060 Kenwood Rd, Cincinnati, Ohio, 45242 (Do not include disposal costs here. Any disposal costs will be handled directly between paint reuse facility and County). Approximate distance/travel time: 310 miles/5 hours.	
- Per mile cost	\$1.80
- Per trip cost	

Notes:

a. Any and all exceptions to these specifications must be clearly and completely indicated on the bid sheet.

b. Bid in increments of 1% above 500 vehicles. For invoice purposes the following formula example should be used in the case of an increase in participation above 500 vehicles.

Example: Actual number of vehicles at example event = 560 vehicles
Unit Price designated by CONTRACTOR for increase in vehicles for each 1% above 500 = \$25

$560 \text{ vehicles} - 500 \text{ vehicles} = 60 \text{ vehicles} / 500 \text{ vehicles} = .12 \times 100 = 12(\%) \times \$25 = \$300 \text{ increase in mobilization costs.}$

c. Bid in increments of 1% below 500 vehicles. For invoice purposes the following formula example should be used in the case of a decrease in participation below 500 vehicles.

Example: Actual number of vehicles at example event = 457 vehicles
Unit Price designated by CONTRACTOR for decrease in vehicles for each 1% below 500 = \$25

$500 \text{ vehicles} - 457 \text{ vehicles} = 43 \text{ vehicles} / 500 \text{ vehicles} = 0.086 \times 100 = 8.6(\%) \times \$25 = \$215 \text{ decrease in mobilization costs.}$
