## MEMO

Re: Oversize-Overweight Vehicle Permits for Containerized Grain -

As you were previously advised (letter faxed on 11-26-2007) with the new system of obtaining permits, it has come to our attention that the companies are not following the instructions correctly. Therefore, we are **RE-EMPHASIZING THE CORRECT PROCEDURE:**

1. The **Plastic Seal Tag** that attaches to the rear of each container is to **MATCH the PERMIT FORM NUMBER** in the Truck.
2. If this is not done right, and your Plastic Seal Tag does not match the Permit Form Number, than this permit is null and void, leaving you open for a ticket.
