FOR OFFICE USE ONLY:

WILL COUNTY DEPT. OF HIGHWAYS

APPROVED _____ FEE _____

GENERAL PROVISIONS

AGREEMENT: The acceptance of the permit by the Applicant constitutes an agreement that the movement will be made in compliance with the terms set forth in the permit and the applicable provisions of the Illinois Department of Transportation (IDOT) policy contained in the current issue of the publication "OVERSIZE AND OVERWEIGHT PERMIT MOVEMENTS ON STATE HIGHWAYS," with the following exceptions: apply for and receive permits by fax or in person to the Will County Dept. of Highways; billing and payment will be made every 30 days; use this form for all permit applications.

JURISDICTIONS: The permit is effective only insofar as the Will County Dept. of Highways has jurisdiction and does not release the Applicant from complying with other existing laws that may apply to the movement.

OVERWEIGHT MOVEMENTS: An overweight permit authorizes the movement of a vehicle or a reasonably disassembled single object loaded on a vehicle combination. If stated in the permit, the object may include an attachment; however, it must be securely mounted on the object being moved. The attachment may not be hauled as a separate object on the vehicle combination.

LOCATIONS WHERE PERMIT IS NOT VALID: The permit is not valid on any highway or bridge posted for a load limit less than the gross weight of the move, on any highway closed to traffic, and on any highway not maintained by the Will County Dept. of Highways. The Applicant must obtain permission from the proper authority to use state or local streets or highways and from the Illinois State Tollway Authority if movement is over the Tollway.

AUTHORIZED TIMES OF MOVEMENT:

Movements are authorized from one half hour before sunrise to one half hour after sunset, Monday through Friday, and from one half hour before sunrise until noon, Saturday. Movements are further restricted on specified holidays, beginning at noon the day preceding the holiday or the holiday weekend. The specified holidays are: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. Overweight permit loads with legal dimensions are allowed 24 hour a day, 7 day a week movement.

HIGHWAY CONDITIONS:

Move shall not be made when the highway is covered with snow or ice or when other conditions would impede safe travel of the vehicle or equipment.

INCLEMENT WEATHER: When visibility is unduly impaired by rain, snow, fog, smog, or at any time travel conditions are considered to be unsafe by the Will County Dept. of Highways, state or local police, the police may direct or escort the movement to a place of safety off the roadway, and movements shall be postponed until weather conditions permit a safe move.

RIGHT-OF-WAY DURING MOVEMENT: Insofar as practicable, movements shall be confined to a single traffic lane and shall be made in such a manner that the rest of the roadway will be open at all times so the flow of other traffic will not unnecessarily be obstructed. Also, insofar as practicable, other traffic will be given the right-of-way over this movement. The driver shall remove the vehicle from the roadway when necessary to allow an accumulation of traffic to pass or when so directed by a police officer.

SPEED:

Maximum speed shall be 45 m.p.h. on all permit movements or 5 m.p.h. above the minimum posted speed limit except when otherwise specified in the permit. Legal weight and legal height movements up to and including 10 feet wide are allowed to travel at the legal maximum speed limit.

LEGAL HEIGHT MOVEMENTS:

Permit authority is not required for the movement of vehicle(s), inclusive of load, not exceeding the legal height limitation of 13 feet 6 inches as established in Chapter 15, The Illinois Vehicle Code. Therefore, no

action is taken by the Will County Dept. of Highways, either separately or in conjunction with authorizing an otherwise oversize or overweight movement, to ensure adequate clearance of structures for a vehicle(s), inclusive of load, not exceeding 13 feet 6 inches overall height.

PUBLIC AND PRIVATE LIABILITY: The Applicant assumes all responsibility for in jury to persons or damage to public or private property, including his own, caused directly or indirectly by the transportation of vehicles or vehicles and objects authorized under this permit. The Applicant agrees to hold the Will County Dept. of Highways harmless from all suits, claims, damages, or proceedings of any kind, and to indemnify the Will County Dept. of Highways for any claim it may be required to pay arising from the movement.

LIABILITY INSURANCE: Owners and/or operators of escort vehicles or vehicles with oversize loads exceeding 10 feet in width, 13 feet 6 inches in height, 110 feet in length or overweight must have in effect or be self-insured in the minimum amount of \$500,000 per occurrence combined bodily injury and property damage.

FLASHING OR ROTATING AMBER LIGHT: All loads must display an operable oscillating, rotating or flashing amber light when moving under oversize/overweight permit authority.

RED FLAGS: The extremities of all oversize vehicles, vehicle combinations or loads, and all protruding objects shall be marked with clean red flags not less than eighteen inches square.

ESCORT VEHICLES: One escort vehicle will be required on all loads more than 14 feet 6 inches wide. A pole measuring vertical clearances shall be mounted on the lead escort vehicle for moves in excess of 14 feet 6 inches in height. An escort vehicle may be a passenger car, or a second division vehicle not exceeding a gross vehicle weight of 8000 pounds that is designed to afford clear and unobstructed vision both front and rear. Escort vehicles shall display red flags at the extremities, display "OVERSIZE LOAD" signs, be equipped with an operating rotating or flashing amber light mounted on top, and be operated by properly licensed operators at least 18 years of age. The driver of the escort vehicle must be in radio contact with the driver of the permit vehicle.

HOUSE TRAILERS: The overall width of the house trailer includes doorknobs, awnings or any other attachments. The towing unit of house trailers over 8 feet but not more than 10 feet wide shall be at least ¾-ton truck. The towing vehicle of a house trailer over 10 feet but not more than 12 feet wide shall be at least a 1-ton truck with dual wheels. The towing vehicle of a house trailer over 12 feet wide shall be at least a 2-ton truck with dual wheels. Movement of house trailers over 12 feet wide is prohibited when wind gusts exceed 25 m.p.h.

SPECIAL PROVISIONS: Check heights of structures prior to move to ensure adequate clearance. Booms on cranes and similar construction equipment shall be adequately secured to prevent movement while in transit.

DISCLAIMER: In issuing this permit for oversize movements, the Will County Dept. of Highways has determined that posted clearances are greater at those points than the height or width of the vehicle and load stated to the Will County Dept. of Highways. However, due to variations in length of vehicles, inclines, curve radii, and other road conditions and factors, the Applicant cannot assume that the posted height or width is adequate for the movement. It is also the responsibility of the Applicant, when not in conformance with Section 5/11-1203(a) of the Illinois Vehicle Code, to inspect all railroad grade crossings for clearance along the permitted route prior to a move. The Applicant waives liability of the Will County Dept. of Highways should posted height or width or railroad grade crossing clearance prove inadequate, assumes sole responsibility, and indemnifies the Will County Dept. of Highways for damages.
