**2017-51 – ERP RFP
Addendum 4 – November 15, 2016**

We received the following questions regarding this RFP:

Question #1: Can we use pre designed product and customize to Will county requirement?
We have a HR module product which was developed in SAP.

Answer #1: Yes. In fact, that is the anticipated path of completion due to the complexity and expansive nature of the work being handled.

Question #2: How much is the Bid Bond?

Answer #2: Please see "Proposal Security" on Page 5.

Question #3: Do the development team need to be onsite all the time or can we do at our office facility?

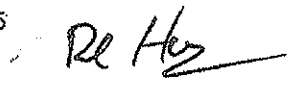

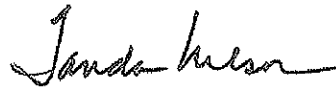

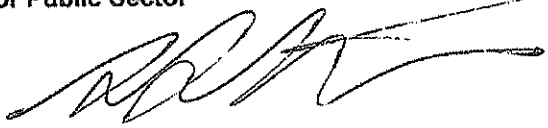

Answer #3: If a development team is used they do not need to be on site. The custom development approach will be very difficult in the County's opinion.

Question #4: Will the County be publishing the vendor attendee list?

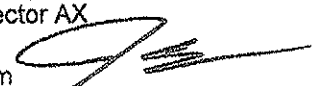

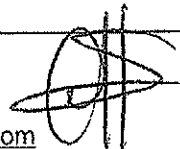

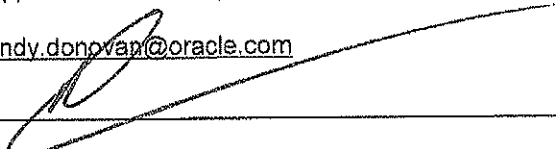

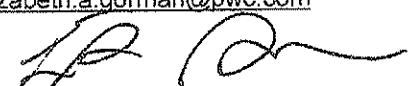

Answer #4: Please see the attached attendee list.
