B. BID PRICE WORKSHEET (part 3): Possible Fees – This program is intended to be fully funded utilizing manufacturer funds. Based on the 2016 contract, the County recognizes some fees may be requested by the Contractor to act as an incentive to pack the semi-trailer efficiently and properly. While we encourage our Contractor to WAIVE these fees, if this is not possible, please complete this fee sheet appropriately.

Fees		
The County will always have a goal of packing the semi-trailers to over 20,000 lbs. However, in the past year, utilizing both public works and subcontractors, we find that many of the trailers average 18,000-19,000 pounds. If the CONTRACTOR determines it necessary to impose fines for underweight trucks, provide tiered fines based upon the following weights. Contractor shall not impose a fine for any load that exceeds 18,000 lbs.	16,000 - 17,999 lbs	\$
	14,000 - 15,999 lbs	\$
	12,000 - 13,999 lbs	\$
	Under 12,000 lbs	\$
Care will be taken by the County and the County Sites to pack the semi-truck in a safe and efficient manner. Should the truck arrive with materials spilled and requiring more than 30 minutes time to unload by hand then the Contractor will send a photo of the offense in an email or in written format assessing the Improper Packing fine. Items may shift in transit and a few items falling during the unloading shall not be considered improper.	(photo will be required for proof)	\$
The County will ask participants to remove excess packaging and its employees or subcontractors will do their best to remove such packaging. Should an item make it to the Contractor, the County may be subject to an Excessive Individual Packaging Fine if an item(s) is sent to the Contractor individually packaged in foam plastic, cardboard boxes, and/or plastic bags. Any email or written fine sent must be accompanied by a photo of the offense. Only the item will be weighed and subject to fine.		\$
