BID # 2021-72
LiDAR Byproduct Data Bid
WILL COUNTY
JOLIET, IL

ADDENDUM #1
September 14, 2021

We received the following questions regarding the bid listed above:

Question # 1 In our experience as a professional services consulting firm, we do not see requests for performance and other bonds as a standard practice for services and consulting engagements (as opposed to construction projects, for example, where they are a common practice). In addition, these bonds are particularly burdensome for small firms. Therefore, we respectfully ask whether the County would consider waiving the bid bond and other bonds identified in the RFP?

Answer # 1: The County will not waive any bond requirements for this project.

Question # 2 Given current health concerns, would the County consider accepting digital submissions rather than hard copy ones?

Answer # 2: The County will not accept digital submissions for this bid. All submissions must follow the requirements listed in the bid documents.
