Kevin and Elizabeth,
Stacy Baumgartner and I reviewed the proposals in response to the RFP for pharmacy services at the Will County Community Health Center.

We recommend that we accept the proposal from Genoa Pharmacy. Compared to Cardinal, the only other pharmacy to submit an acceptable bid, Genoa’s services best matched the pharmacy services we are seeking. They can maintain ownership and control of the pharmacy services and participate in our 340B program. Their fees for dispensing are acceptable with industry standards. They offer additional value- added services such as bilingual staff, personal calls to patients for refill reminders, deliveries, assistance with prior authorizations, durable medical equipment, and vaccinations if needed. They have experience co-locating in other FQHCs (Heartland, Lake County CHC) and public health departments such as Lake County and DuPage County. They can be operational within our designated time frame. We performed 3 reference checks, contacting Lake County Health Dept., DuPage County Health Dept., and Heartland CHC. All were very satisfied with their relationship and services with Genoa and heartily recommended them.
