BID # 2021-72
LiDAR Byproduct Data Bid
WILL COUNTY
JOLIET, IL

ADDENDUM #2
September 16, 2021

We received the following questions regarding the bid listed above:

Question # 1: Who acquired the LiDAR on behalf of the county in 2021?

Answer # 1: [Ayres & Associates](#)

Question # 2: Can you provide a sample of this data?

Answer # 2: You can download sample data at file:///192.168.5.216/gisweb/data/Sample_2021-72.zip

Question # 3: Can you indicate the minimum size (e.g., 10'x10') for the building classification?

Answer # 3: [10 feet by 10 feet or 100 square feet.](#)

Question # 4: Can you indicate the minimum size/MMU for the tree canopy polygon classification, i.e., the smallest grouping/area you are expecting to be included?

Answer # 4: [You can use these numbers as a guide for classification: tree canopy greater than 10%, trees over 15 feet in height, and MMU of 5.](#)

Question # 5: Do hydro breaklines need to be captured for "single-line" streams, i.e., streams < 8' in width, or is the 8' width the minimum size which needs to be captured?

Answer # 5: [The 8 foot width streams is the minimum size where hydro break lines need to be captured.](#)

Question # 6: Is there a desired or required completion date for the work, or is this to be negotiated depending on the services selected to be performed?

Answer # 6: [The completion date can be negotiated depending on the services selected to be performed. We expected most if not all of these LiDAR byproducts to be completed during our 2022 fiscal year \(December 1, 2021 through November 30, 2022\).](#)
