2019-50 TRANSPORTATION MASTER PLAN RFQ

ADDENDUM # 2

DECEMBER 21, 2018

Page 1 of 1

We received the following questions regarding the bid listed above:

Question #1: On Page 7 of the RFQ there is a “Tentative Timeline” that lists the time due as 2 pm. All other references to the time due in the proposal state 4 pm. Can you confirm the time deadline for submission?

Answer #1: The due date is Friday, December 28, 2018, by **4:00 P.M.** Your submittal must arrive by **4:00 P.M.** and be time stamped in our office, to be accepted.

Question #2: The RFQ mentions collecting traffic counts. Is it anticipated that the consultant team would collect new traffic count data or would that be provided by the sponsors?

Answer #2: Where traffic counts are available, they will be provided by the sponsors. Traffic counts on the State system will need to be obtained through IDOT. The selected consultant should determine where traffic counts will be needed.

Question #3: Are there any analytical tools or data available from previous planning efforts that you feel will support the development of the traffic operations model and can these be made available to the selected consulting team?

Answer #3: Any information or data developed in prior planning efforts will be made available to the extent possible. For more information, potential proposers should review the Community Friendly Freight Mobility Plan and its appendices that can be found at www.willcountyfreight.org.
