We received the following questions regarding this bid:

Question # 1: I'm reading over the performance bond and I see that 100% of the grand total must be handed over as a performance bond for the life of the contract, 3 years.

My question is this, do you want 100% of the 3-year contract price or 100% of the first year of the contract price as the "Bid Bond" is based?

Answer # 1: The Performance Bond will only be required from the winning bidder(s), after the bid has been approved and awarded. The bond required will be 100% of the first year total, and can be renewed with a continuation certificate or new bond, for each of the two (2) year renewals. If the bid is split between vendors, the 100% is calculated on the actual amount of the award for the first year, per vendor.

i.e.

Enforcement Officer - 50 vests/year @ 550.00 = 27,500.00, awarded to vendor A

Correctional/Court Security Officer – 50 vests/year @ 500.00 = 25,000.00, awarded to vendor B

Vendor A will need to supply a Performance Bond in the amount of $27,500.00
Vendor B will need to supply a Performance Bond in the amount of $25,000.00

If one vendor is awarded both items, they would need to supply a Performance Bond in the amount of $52,500.00, the first year total for both vests.
