Evaluation Criteria

Proposals will be reviewed scored on a competitive basis relative to the evaluation criteria below. The maximum possible score is **100 points**.

- A. Project Summary (10 points).** Proposer will receive scores ranging from 0 to 10 points based upon the clarity with which the project is summarized. The summary should demonstrate that all elements of the project have been analyzed and the project plan is thorough and complete.
- B. Demographic Commitment (10 points).** The Applicant will receive 10 points for projects that exclusively serve senior citizens, severely disabled (as defined by the Bureau of Census Current Population Reports), victims of domestic violence, veterans, or homeless persons.
- C. Organizational and Staff Capacity (15 points).** Applicant will receive scores ranging from 0 to 15 points based upon the capacity of the organization, the staff assigned to the project and their experience with similar projects. Capacity must be demonstrated with resumes included as attachments to the application.
- D. Readiness to Proceed (15 points).** Applicant will receive scores ranging from 0 to 15 points based upon demonstration of readiness to proceed. Factors that will be considered include site control, appropriate zoning, environmental assessment, staffing, and the commitment of other funding sources.
- E. Leveraging of Funds (25 points).** Applicant will be awarded points based upon the ratio of County funds requested and previously committed compared with other funding included in the total project budget. Points will be awarded as follows:
 - a. 25 points = 50% or more of the project is leveraged
 - b. 20 points = 40-49% of the project is leveraged
 - c. 15 points = 30-39% of the project is leveraged
 - d. 10 points = 20-29% of the project is leveraged
 - e. 5 points = 10-19% of the project is leveraged
 - f. 0 points = Less than 10% of the project is leveraged
- F. Financial Feasibility (15 points)** Applicant will be awarded 0 to 15 points based on the Affordable Housing Underwriting Template. Criteria presented in the Template that will be evaluated include the feasibility of the development budget, long-term sustainability of the project, and affordability of the units for low-to-moderate income persons.
- G. Match Liability (10 points)** Applicant will be awarded 10 points based on the ability to meet their HOME Match liability.

All points will be awarded on a full point basis. If information is not contained in the application, points will not be awarded. The Consortium will make commitments based on the criteria outlined above. In the case of a tie, the Proposer who scored the highest in the "Ability to Proceed" section will rank higher. Funding is competitive and is limited. Awards will be made to those projects that rank the highest and are consistent with the goals of the Consolidated Plan.

If the Consortium has committed funds to a project that can no longer proceed (i.e. other qualified funding is no longer available, site is not feasible due to environmental issues, etc.), the Consortium reserves the right to redistribute funds of the next highest ranked Proposer. At the Consortiums discretion, the funding commitment may be increased or decreased based on funding availability and need. This Request for Proposals (RFP) does not commit the Consortium to award any contract, pay any pre-award expenses, or pay any costs incurred in the preparation of a proposal.
