

2020 QBS
Request for Statement of Interest (SOI)

KANKAKEE COUNTY LINE ROAD (CH 58) OVER PIKE CREEK BRIDGE
REPLACEMENT
PHASE II ENGINEERING SERVICES
Section Number: 20-00093-08-BR

The Will County Division of Transportation requires professional services from a qualified engineering consultant to provide Design Engineering Services for the Kankakee County Line Road over Pike Creek bridge replacement.

The attached **Project Description** and **Preliminary Scope of Services** provides a summary of major items potentially encountered during the course of the required design services. At this time, the County anticipates starting this work in late summer 2020, with an approximate twelve (12) to eighteen (18) months to complete the work.

Submittal of Statements of Interest required electronically to WCDOTconsultantservices@willcountyillinois.com no later than **12:00 PM (Noon), April 13, 2020** addressed to **Eric Wesel**.

If you plan to enter into a joint venture for this project, please note this on your SOI, including the name of the firm entering into this joint venture with you for this project.

The Short-listed firms will be posted on our Consultant Selection Summary Table at <http://www.willcountyillinois.com/County-Offices/Economic-Development/Division-of-Transportation/Consultant-Selection>

A Statement of Interest (SOI) received after the above noted deadline will not be used as part of our consultant selection process.

Please refer to the following Project Description and Preliminary Project Scope for more information on this project.

I. PROJECT DESCRIPTION

The Will County Division of Transportation (WCDOT) will reconstruct Kankakee County Line Road over Pike Creek bridge (046- 3235). The work will be a complete replacement of the structure.

The consultant will complete all design, obtain permits from all necessary regulatory agencies. The consultant will evaluate existing right of way and determine need for additional right of way. Plats of Highways and Legal Description preparation activities necessary to construct the project will also be required.

The project will be locally funded. Phase III Construction will be funded with local funds. This project will be completed under applicable IDOT guidelines including BLR and BDE Manuals and WCDOT standards.

II. PRELIMINARY PROJECT SCOPE

The Consultant will provide design engineering services including but not limited to the following:

- Detailed topographic surveys
- Develop the Preliminary Bridge Design and Hydraulic Report
- Surveys for any right of way acquisitions or construction easements, and the preparation of plats and legal descriptions
- Soils/pavement investigation, as necessary, to determine roadway structural design, as well as CCDD screening
- Preparation of a project photo log of existing conditions
- Assist in obtaining permits from all regulatory agencies and updating of any clearances as required by the scope of the proposed improvements
- Estimates of Costs and Time
- Coordinate with the WCDOT and other involved parties/agencies as necessary
- Preparation of contract plans and specifications
- Land acquisition services are not included with this contract
